Peasants Who Flee to Frontier Posts Are Slain by the Montenegrins

Peace Talk by Greek Premier Interrupted by Cheers for Conflict

VIENNA, Oct. 10.—Many Albanian villages to the north of the Boyana river are in flames, according to a dispatch to the *Neue Freie Presse* from Catato.

Many fugitives, including some wounded men, have arrived at Scutari. Some peasants who fled to the frontier posts at Szamesi were slain by Montenegrins.

GREEKS LOSE HEAVILY.

LONDON, Oct. 10.—Heavy losses were inflicted by the Turkish troops on a band of Greeks numbering 1000 men, who attacked a Turkish frontier post near Dhisikala. They were driven back over the frontier, according to a news agency dispatch from Saloniki.

MAY STOP WAR.

CONSTANTINOPLE, Oct. 10.—More energetic intervention by the powers in order to prevent the outbreak of hostilities on the part of Bulgaria, Serbia and Greece and to bring about a cessation of the war with Montenegro is said to be contemplated today.

Shots are reported to have been exchanged today between the Turkish and Bulgarian troops occupying advanced posts on the Turkish-Bulgarian frontier at Timrash and Klesura.

Announces There Will Be No Legislature To Amend Primary Law

SACRAMENTO, Oct. 10.—Lieutenant-Governor A. J. Wallace today announced his refusal to call an extra session of the Legislature to consider amending the primary law at the request of the Taft organization in California. In a communication addressed to Gustave Brenner, chairman of the Taft organization in San Francisco, the acting governor says:

"Your telegram of October 6 was duly received. You ask me to convene an extraordinary session of the Legislature for the purpose of amending the primary law, to meet your views, taxpayers."

Within 24 hours after war has been actually declared between 600 and 800 able-bodied men from Alameda county will join forces with thousands of others and start across the continent to New York on special trains. Contracts have already been made with the Southern Pacific and Santa Fe railroads to furnish the trains within a few hours notice.

In the Seventh-street coffee houses and restaurants the fruit stores, and wherever the Greek tongue is spoken and the Greek symbols are lettered on the windows, there is a buzz of excitement and war talk is running ripe. They are waiting and hoping and praying that the little kingdom will have nerve to defy the powers and attempt the deeds she has been contemplating for 20 years.

CERTAIN OF WAR

Local Greeks are certain that war will come. They believe it is only a question of hours. So positive is this conviction that merchants and business men have been busy for the last few days in settling up all accounts preparatory to closing up their shops and leaving the country.

"We expect that war will be declared tomorrow," said Sam Nofte. Nofte does a flourishing business in a fruit and grocery store at Piedmont Pavilion. There are 10 members of his family and they are all going to the front. A brother, John Nofte, arrived today from Colorado. Both have already seen service in the Greek army. FENWAY PARK, Boston, Oct. 10.—New York Nationals defeated the Boston Red Sox by a score of 2 to 1 today, making the world's series contests so far stand: Boston one game and New York one game, and one tie contest. It was a pitchers' battle today in which the left-hander, Marquard, held the home club helpless until the last inning, when they garnered a run on sharp hitting by Lewis and Gardner. An error of a thrown ball put a man on second and third for Boston, but Devore, by a nice running catch off Cady's bat, saved the day for the Giants. The New York's hitting was timely and effective. Boston fielded superbly. The official score:

game said he had been away from the grounds in 36 hours only long enough to get shaved.

Either because of the rain or because the novelty of world's series baseball had worn off, the crowd today was smaller and gathered more slowly than that of yesterday. There was much uncertainty over the reserved seat tickets for today. The Boston Club had sold single tickets for three games, numbered one, two and three. Yesterday No. 1 was punched, today No. 2 was called game No. 2, and it was announced that the next game in Boston would be game No. 3. Regarding the tickets sold in New York for the second game in that city, which was to have been played today, it was said at the local offices that these tickets would be good tomorrow.

IN NEED OF REST.

Managers McGraw and Stahl, in common with nearly all the players, were ready to greet the announcement of a postponement with satisfaction. Darkness ended yesterday an exhausting struggle and one particularly hard on the pitchers. New York has two pitchers who need to rest—Teane, who was knocked out of the box in the opening game of the series in New York last Tuesday, and Mathewson, who finished yesterday's game under a severe physical strain.

The National Commission's figures for attendance and receipts at today's game are as follows:

	Total attendance	24,624; total receipts, \$68,142; National Commission's share, \$68,142; players' share, \$34,960; each club's share, \$11,381.66.
New York	1,200,000	
Boston	1,000,000	
Total	2,200,000	

Twenty thousand spectators passed through the turnstiles of Fenway Park to watch the game. Many empty seats in the outfield stands were in evidence. The leather seats, having been sold previously, were well filled.

A warm sun and a gentle northerly breeze soon dispelled the clouds that had threatened rain all the morning. The smart showers during the night had little effect on the Infidels.

The Bostons were the first on the field for batting practice. The Giants came on the field soon after the American Leaguers.

THE BATTERIES.

The batteries for New York were Marquard and Meyers and for Boston, O'Brien and Carrigan.

The batting order was:

Boston—Hooper, right field; Yerkes, second base; Speaker, center field; Lewis, left field; Gardner, third base.

Stahl, first base; Wagner, shortstop; Currigan, catcher; O'Brien, pitcher; New York—Devore, right field; Doyle, second base; Snodgrass, center field; Murray, left field; Merkle, first base; Herzog, third base; Meyers, catcher; Fletcher, shortstop; Marquard, pitcher.

FIRST INNING.

First half—The first pitch was a ball. Devore singled to center after having three balls and two strikes called on him. Umpire Evans was behind the bat. Klein made the base decisions. Bigler went to right field and O'Leahane went to left field. Doyle fled to Speaker. It was a hit and a foul. Devore was out stealing. Currigan to Wagner. Devore was backed out for a strike and Snodgrass out on a foul to Speaker.

No runs, 1 hit, no errors.

Second half—Hooper fled to Fletcher. Marquard had good speed and a fast breaking curve. Yerkes out on strikes. The crowd cheered Speaker out. He came to the plate. Speaker out. Doyle to Merkle.

No runs, no hits, no errors.

SECOND INNING.

First half—Murray made a two-bagger to right center. Merkle sacrificed and was out. O'Brien to Stahl. Murray taking third. Murray scored on Herzog's sacrifice fly to Hooper. whose throw to the plate failed to catch Murray. Meyers was out. Gardner to Stahl.

One run, 1 hit, no errors.

Second half—Lewis singled to center. Marquard tried to catch Lewis off first and the crowd cried "ball." but it was not shown by the umpire. Gardner sacrificed. Herzog to Merkle. Lewis taking second. Stahl out on a high fly to Murray. Wagner struck out.

No runs, 1 hit, no errors.

THIRD INNING.

First half—Fletcher walked. O'Brien was uneasy and could not control his moist hem. Marquard sacrificed. O'Brien to Stahl. Devore fanned. Doyle tried to catch a foot either way and it might have been a base hit.

No runs, no hits, no errors.

Second half—Carrigan sent up a high foul which Meyers caught. O'Brien struck out. He was unable to gauge Marquard's fast curves. Hooper was out on three strikes and the crowd gave Marquard a cheer as he went to the "Giants" bench.

No runs, no hits, no errors.

FOURTH INNING.

First half—Snodgrass out. Yerkes to Stahl. The crowd gave Murray a great hand as he came to the plate. He was out. O'Brien to Stahl, a hit. Merkle was another victim of the O'Brien-Stahl route. O'Brien fielding. Merkle's puzzling grounder cleared.

No runs, no hits, no errors.

Second half—Yerkes popped to Fletcher. The crowd laughed as the Giant outfields backed out to the fence as Speaker came to the plate. He singled to left. He ran with a

GREEKS OF COUNTY READY TO FIGHT

Hundreds Will Leave This City if War is Declared by the Home Nation.

ers in the Greek colony, are winding up their affairs in East Oakland.

Two younger brothers of T. P. Ellipolis, manager of the local Pan-Hellenic council will lead a band of patriots from this city in all, close to 500 Greeks will leave Oakland and vicinity along most of them abandoning a well-paying business.

In from Salinas has come John Papoutsis a former captain of the Greek mariners the most noted fighting men in the Balkan states. Papoutsis has seen service and hard service at that. He is eager to return for more.

According to Ellipolis, there will not be an able-bodied Greek citizen in California within a week if war is actually declared.

80,000 ON COAST.

"There are close to 80,000 Greeks on the Pacific coast," he said. "Of this number probably 30,000 represent the fighting strength and full this number will leave on the special trains as soon as war is declared. Five steamers are waiting at New York, chartered by the government, to convey returning Greeks. By reason of the conscription law, most of us have already seen service and are trained in military tactics. Greece will have a formidable army ready to take the field and enrolled entirely from America.

"You Americans can hardly realize the sentiment that inspires us when confronted with the possibility of a war with Turkey. You do not realize that 50 years seven millions of our people have been dominated and subjected to unspeakable cruelty and indignities by Turkey. Half of the population of Constantinople are Greeks, yet they live in daily fear of their lives.

"We hope to win back the territory that rightfully belongs to us and enfranchise our brothers. That is the dream of every Greek, the hope that is born in his heart and nourished by his mother. Against no other nation would we rise so instantly and unanimously. I would go myself, despite my family and interests, if the health would permit me to pass the medical examination, as it is, who knows, I may go yet."

FUNDS ARE RAISED.

T. P. Ellipolis is at the head of the local Pan-Hellenic council, which is raising funds in Alameda county to further the cause. Several hundred of his fellow-countrymen are in daily touch with Consul-General Richardson Fontana in San Francisco.

It is not thought likely that there will be any general exodus unless war is actually declared, for there is always the possibility of the powers intervening at the last moment, as was done in 1897.

The opinion, however, is freely expressed here by intelligent Greeks who are keeping in close touch with the situation that war is inevitable and its outcome will mean the restoration of Greek naval prestige and power.

The government's latest call is for all men who are subject to army service and are under 38 to return at once and those in the navy who are under 52. The disengagement in ages between soldiers and sailors is taken to indicate the need of strengthening the Greek navy, which will probably do the brunt of the fighting.

Among the leading members of the Oakland Pan-Hellenic council who are preparing to aid the cause are J. Comotopoulos, J. Laios, N. Damianakis, E. Lukas, T. Katsoris, A. Katsoris, J. Lekas, N. Lukas and A. Koolay.

John Papoutsis, the carabinier who is here from Salinas, has two companies-at-arms in George and Constantine Papageorge. The trio served together in the Greek army 10 years ago and now are returning again to their native country.

Standard Oil Company made in 1904.

L. C. Laylin of Columbus, O., assistant secretary of the interior, manager of the Taft primary campaign in Ohio, the first witness to testify today, said he had filed a statement in Ohio showing total Taft expenses of \$65,000 or \$75,000 in the state primaries.

Charles P. Taft, Charles D. Hilles and Hubert Taft, nephew of Charles P. Taft, were named by Laylin as contributing most of the fund. The money came to him, he said, through Arthur J. Verner.

A. H. Plant, comptroller of the Southern railway, said he knew of no pre-election contributions to campaigns this year and did not turn over any fund to Congressman Underwood's managers before or during the Ballotage convention.

DIXON'S STORY DENIED.

Senator Dixon had testified it was common report that Plant had handed funds for the Underwood campaign. John D. Archbold followed Plant on the stand. Archbold had testified before the committee in August. Chairman Clapp took up the examination of the Standard Oil man as to the so-called Archbold letters, recently published. He first called attention to a letter to Senator J. B. Foraker, dated March 26, 1900, reading:

"In accordance with our understanding, I beg to enclose you certificate of deposit for \$15,000, and ask for receipt in reply."

"I have no doubt I wrote the letter," said Archbold. "The payment was made for the services of Senator Foraker as counsel in our Ohio affairs; that, and that only."

Senator Clapp showed to the witness a reproduction of another letter written to Senator Foraker, dated April 17, 1900, referring to an enclosed certificate for \$14,500.

NO DOUBT OF IT.

"I have no doubt I wrote it," said Archbold.

"What does that relate to?"

"To the same business relationship," said Archbold. "Another letter of November 28, 1900, enclosing a certificate of deposit of \$10,000, 'in pursuance of our understanding in our talk over the telephone.' Archbold said, was sent as a result of the same 'legal duties' performed by Senator Foraker. A letter of December 11, enclosing a certificate of deposit for \$5000, the witness said, was due to the 'same relationship' that of counsel."

Senator Clapp produced a copy of a magazine showing what purported to be a photographic copy of a letter to the late Senator M. A. Hanna, dated January 19, 1900.

"I've no doubt I wrote the letter," said Archbold.

The letter referred to "threatened and very objectionable legislation at Columbus," concerning which Archbold said he had wanted to talk to Senator Hanna.

It referred particularly to people active in supporting a "strike" and "investigating committee" and asked Senator Hanna to do everything possible to compare their defense.

Archbold asked to be allowed to explain the letter.

"That was the year of 'strike' leg-

great crowd which had gathered outside his residence late last night said:

"I still hope that peace will be maintained. Our allies do not desire to make conquests and what we ask for also corresponds to the interests of the neighboring empires and represents a first and indispensable condition for the peaceful existence of the Balkan peoples and the Ottoman empire."

The crowd greeted the premier's words with a cheer of "Hurrah for war," upon which M. Venizelos repeated word for word that which he had already said.

AIRSHIP FOR GREECE.

BERLIN, N. J., Oct. 10.—The armies of the Balkan states will be augmented by an American aeroplane if Angelo Stergiou of this town can get his machine through to safety.

The biplane will leave New York on the steamship sailing for Greece. Angelo will accompany it to offer his services to the Greek army, in which he formerly served.

ATHENS EXCITED.

ATHENS, Greece, Oct. 10.—Great enthusiasm has been aroused throughout Greece by a speech made by King George to several thousand people, who had assembled at the Palace to welcome him on his return to the capital last night. His majesty said:

"I am convinced that the Hellenic people will always carry out their duty. I have full confidence in the government which has given so many proofs of its patriotism."

At the conclusion of the speech a great shout of "Long live the King. Long live Greece! Hurrah for the war!" was raised by the gathering, among which were members of the cabinet and the holy synod and a number of diplomats.

TURKS MASSACRED.

LONDON, Oct. 10.—The entire northern frontier of Turkey from Antivari on the Adriatic to Alo-Gon, on the border of the Black sea, is afire with war.

According to a late dispatch filed in Karakal, Roumania, a horde of Roumanian bandits, acting as the advance guard of the Bulgarian army now being rushed to the frontier from Sofia Shabla, fell upon a force of Turkish troops in a village above Mustafa Pasha and decimated them after hand to hand encounter.

The Mohammedans were under Ersek Pasha, who was the last to fall. He severed his windpipe with his scimitar when mortally wounded by the leader of the Roumanians.

Dr. Hartman Writes:

Columbus, Ohio, July 15.—In reply to many letters about my recent article on health and constitution I wish to make the following statement:

Constitutional more preservative every day. Nearly one-half of the human family are troubled with it more or less. This fact presents a serious complication in the treatment of chronic disease.

Thirty years ago when I was prescribing Peruna every day only a small fraction of the people needed a laxative. But I have found by experience that more and more laxative must be used.

Peruna originally contained no laxative element. I used to prescribe the laxative Manallic to be used in case a laxative was needed. This necessitated the patient buying two bottles of manallic instead of one.

As competition became more general I finally concluded to add a laxative element to Peruna. The new Peruna is made with a laxative ingredient. The old Peruna (Ka-tar-no) is without a laxative. On that account some prefer the new Peruna.

The new Peruna is for people who have some catarrhal ailment and yet need a laxative. Sold at all drug stores.

The old Peruna (Ka-tar-no) is for those people who have some catarrhal ailment but need no laxative.

Those wishing to procure the old Peruna should address the Ka-tar-no Co., Columbus, Ohio, for further particulars.

AXLE GREASE WAS THIS 'GOLD BRICK'

Customs House Employee Captured Selling "Near Opium."

SAN FRANCISCO, Oct. 10.—William H. Hoburg, an assistant customs house weigher, was captured red handed last night by a squad of United States Government inspectors, while engaged in one of the cleverest opium swindles which has ever come under the eyes of the local authorities.

Hoburg was intercepted on Clementina street, between Fifth and Sixth, while he was engaged in exchanging 50 lbs supposed to contain opium, with a Chinese who gave him a sack in which were 500 in cash. The operation was carried out by Special Agent W. H. Tidwell, Captain of Inspectors John T. Stone, Lieutenant Joseph Head and Inspectors Huffaker and Enlow.

So anxious were the officers to make no mistake about Hoburg's completing his deal that the Chinese succeeded in getting away. This morning Hoburg was brought before Deputy Surveyor Charles A. Stevens and admitted his confession. He got into the transaction and admitted that he had successfully worked the game on one previous occasion.

FILLED WITH GREASE. The remarkable feature of Hoburg's confession lies in the fact that the 50 cans, which he carried carefully in a suitcase, did not contain opium at all, but were neatly and carefully filled with axle grease. Recently Hoburg, in simulating to tool his tips to the Chinese at Sixth street, received \$750 and departed. His confederate, who, according to Stevens, is Joe Alexander, then lay in wait for the Chinese, carrying the supposed opium, flashed a custom house badge upon him, frightened him into submission, took the axle grease in the guise of opium away from him and received \$100 from the terrified man to release him, and not take him to prison.

ALL WORK ON. According to Hoburg, it was arranged that the scheme be carried on in precisely the same fashion last night. The axle grease was, there and so were the leading participants.

The fact that the Chinese, however, had a glimpse of the officers led him to make his escape before he fell into the hands of Hoburg's confederate, who was waiting nearby with his demand for \$100 bush money.

Hoburg is to appear again this afternoon before the surveyor and United States Attorney McNab will determine what charge will be lodged against him.

ACTRESS RELATES STORY OF MARITAL CRUELTY

SAN FRANCISCO, Oct. 12.—Blanche Biele, a pretty actress who is the star of Chinese feature act at Pantos Theatre, took the witness stand in Superior Court yesterday, on a charge of cruelty which she claims were inflicted upon her by her husband, Walter J. Biele. She testified that when she had been ill from ptomaine poisoning and was still weak her spouse compelled her to take her part in the performance and that when she left the stage she fainted from exhaustion. She added that her spouse forced her to work and took half of her earnings. Her evidence was corroborated by her mother, Biele is at present in Portland.

JOSEPH SCOTT TO SPEAK AT COLUMBUS DAY FETE

Noted Attorney of South Will Be One of Numerous Orators

Joseph Scott, a well known orator of Southern California and a leading attorney for the McNamara defense, will be one of the speakers at the big Columbus Day fair which will be held next Saturday afternoon, and evening on the shores of Lake Merritt. With Scott, President Benjamin Ide Wheeler of the University of California; Chief Deputy District Attorney P. M. Carey and Dr. G. Ghiglieri as the speakers, the celebration will have an educational value as well as being a unique spectacle and it is believed that more than 100,000 persons will witness the festivities.

Additional plans have been made for the fiaccolata, or "night in Venice." The fireworks display will be one of the best ever given in Oakland. There will be rocket, bomb shell, battery displays, exhibitions, etc., and the portion of the program will be in the display of lighted and decorated water crafts, incandescent lights, strings, etc. The Twelfth street dam and other details. A. L. Capell's band of twenty pieces will furnish music from a lighted boat and the Columbus Mandolin Club will also be heard.

CONTEST IS CLOSE.

The queen contest remains close with Miss Rose Arina and Miss Theresa Maitino making a personal canvass and their many friends working hard in their interests. With a total of 80,000 votes already cast it is estimated that when the polls close next Friday evening at 6 o'clock close to 80,000 votes will have been cast.

The ceremony at which Queen Isabella of Spain, surrounded by her maids of honor, will greet Columbus, his captains and men after their successful voyage of discovery in the three caravels the Santa Maria, the Nina and the Pinta will be held at the bandstand at Adams Point and seating accommodations for 6000 persons can be had.

PROGRAM COMPLETE. The program to be held during the afternoon and evening has been completed and will be as follows:

PART ONE. Grand noonday concert, commencing at 12:30 P. M. Music by Professor Capell's Italian band.

PART TWO. 1:30 p. m.—Water Pageant: The Caravels of Columbus, comprising the Santa Maria, Nina and Pinta, set sail from the Golden Gate, pass theAndre's Arch and plant the cross of Christianity; Columbus making peace with the Indians; departure of Columbus for Spain, taking with him Indians and other evidences of the new found land; Court reception of Columbus and his crew by Queen Isabella.

Couple, Hitched to Wagon, On Trip of 1000 Miles

RICHMOND, Oct. 10.—Mr. and Mrs. Arthur Aitchley passed through Richmond yesterday, en route for San Francisco, both hitched to a small wagon and clad in khaki suits. They are on a long hike of 1000 miles from Seattle, which city they left June 12. They attracted much attention but gave no particular reason for their strange journey.

Harris Weinstock to Speak at Free Friday Evening Meeting.

The third lecture of the Free Friday evening lecture course given by the Board of Education will be held tomorrow evening at 8 o'clock in Chabot Hall, Eleventh and Grove streets. Colonel Harris Weinstock, who has represented this state as official commissioner in the European travels, will speak on this occasion on the subject of Russia, illustrating his discourse with lantern slides.

The Board of Education is extremely desirous that the mothers and fathers of the neighborhood attend these lectures as they are intended to pave the way for a general adoption of the community idea school work. The lectures are free and intended specially for adults.

Complaints from mothers and fathers that they could not afford to pay the prices of some of these pins and that their children, in consequence, were subjected to embarrassment and humiliation led the school directors to adopt a rule prohibiting henceforth all class pins in grammar schools except such as shall be presented by the Board of Education. The ruling does not effect the high schools.

The new grammar school graduating pin will be either of bronze or silver of uniform design with the exception of the school name and the numerals. The city will spend several hundred dollars a year for this purpose. The general design for this emblem was submitted this afternoon to a committee representing a student from each of the leading grammar schools of Oakland and the choice of several patterns will be left to the committee.

General Grammar School Emblem Will Be Adopted by Trustees.

An innovation in control of school affairs will be introduced tonight by the Board of Education when it adopts a general grammar school class pin which will be given gratis to the graduating classes in all the elementary schools of the city. This action is designed to abolish the custom of the students themselves selecting a class pin and levying assessments among the class members for the acquisition of the graduation pin.

CONFESSED THIEF TO BE RELEASED

British Consul-general Declines
to Cable to Verify R. C.
Holt's Story.

Unless the immigration officials decide today to deport Robert Charles Holt, alias Robert Clifton, who gave himself up last Sunday with a confession that he had stolen \$75,000 while acting as clerk for the British artillery companies stationed at Sydney, New South Wales, Chief of Police Walter J. Petersen states that he will release the self-confessed thief. British Consul General A. Carnegie Rose, to whom the confession made by Holt was reported, has declined to telegraph to New South Wales to ascertain the truth of the man's story, as he counts Holt a vagrant, and the Oakland police declare that they have no reason to hold and judge the man for an indefinite period.

"This is a peculiar case," declared Captain of Inspectors Leo F. Agnew this morning. "Holt tells a circumstantial story of the alleged theft, and even confesses to having served a sentence for theft in London. But there is nothing to corroborate his statements.

CAELING IS EXPENSIVE.

We placed the matter in the hands of Captain General Rose and he has decided to let the expense of catching and finding out Holt be wanted for desertion, forgery and grand larceny, as he believes we cannot keep the man for several months without repaying him.

Immigration Inspector D. J. Griffiths, who investigated this case for the immigration office, told us the federal immigration department might deport Holt as a fugitive from justice who entered the port of San Francisco illegally. We are waiting to hear from Griffiths before releasing the man.

Holt still persists that his story is true. He declares that he gave himself up to prevent a woman, Rosalie Miller, from betraying him for the reward of \$200,000, stating his body injury if she had betrayed him.

Because, he replied, "I figure I am a better banker when I take an interest in music. The business worries of the day fade away and are forgotten when I devote an hour to playing the BUNGALOW PLAY-PIANO after dinner."

This banker is storing up a big reserve. When others who have "burned the candle at both ends" are incapacitated, he'll be drawing big dividends in health. He recognizes the essential part that good music plays in one's life.

The BUNGALOW PLAY-PIANO has every essential advantage of the more expensive players.

And we will take your "never-played" piano in exchange for a liberal price.

PIANOS play the full scale of musical notes, all "standard" music notes — full, round, rich, mellow tones — selected materials — best workmanship — automatic guiding device — melody solo — every valuable improvement — free library of music rolls. Price \$485 — terms \$250 per week.

PROF. C. L. CORY TO BE SPEAKER

Will Address Men of Freshman Class Under Y. M. C. A. Auspices.

BERKELEY, Oct. 10. — Professor C. L. Cory, dean of the college of mechanics and director of the electric light and power plant of the University of California, will address the men of the Freshman class at the University Y. M. C. A. in the studio hall tomorrow evening, at 7:15 o'clock.

This is the fourth of a series of 45-lecture series given to the men of the Freshman class under the auspices of the University Y. M. C. A. The following committee of seniors have charge of arranging the series: John L. Simpson, chairman; R. G. Sprout, Harry McClelland and Arthur Eaton.

This is the first time in the history of the University that the Y. M. C. A. under

the direction of Prof. C. L. Cory has attempted to organize and instruct the men of the incoming class in their first year of college life.

It is with the greatest of pleasure that I write to you to know of the remarkable results received from the use of our new and unique Remedy for the cure of the common cold, Dr. R. V. Farnsworth's Golden Medical Discovery. The refreshing influence of this extract is like Mother's influence — the blood is invigorated in this tissue which gives life to the blood, the vital fires of the body burn brighter and their increased activity augments the new forces which are assuming power during the winter.

Dr. R. V. Farnsworth, the founder of the Farnsworth's Hotel and Surgical Institute, and a physician of large experience and practice, was the first to make up an Ausitative Extract of roots, without a particle of alcohol or narcotics.

PLUCKY WOMAN RUNS DOWN FATHER'S SLAYERS

JACKSON, Ky., Oct. 10.—After Ed Callahan, former Sheriff of Breathitt county, Kentucky, was slain from ambush a few months ago, his daughter, Mrs. Clifton Gross, vowed to find the assassin. She spent many days and nights in the lonely mountain trails, seeking evidence, which, presented to a Grand Jury, resulted yesterday in the indictment of fifteen members of the Denton faction. The killing of Callahan was a notable feature of one of Breathitt county's most bitter feuds.

**Pimples Go---
Beauty Comes**

You Just Can't Help Having a Beautiful Complexion If You Use
Stuart's Calcium Wafers.

Pimples! Horrors! And what a wonderful change when they are all gone. Most everyone has noticed this. Now

always when you see a real beauty, the chances are Stuart's Calcium Wafers wrought that wonderful change. It takes only a short time, even with very bad complexions—the kind that are disfigured with rash, eczema, boils, blotches and liver spots.

Stuart's Calcium Wafers cause the skin to breathe, put impurities out. The lungs burn up a great amount, but Nature imposes upon the skin the larger burden. Every tick of the clock means work, work, work for these wonderful Wafers. And every instant new skin is forming, new pores are re-activated, and soon such a thing as a pimple, blackhead or any other eruption is impossible. You marvel at the change.

The soft, rosy tint loves-taps the cheeks; the neck, the arms and the waist; the health of youthful skin. For you just can't help having a beautiful complexion if you use Stuart's Calcium Wafers.

They are up in convenient form to carry with you, are very palatable, and are sold by druggists everywhere, at 20 cents a box.

is making his first appearance on the screen in his famous character.

There are numerous in the Tribune entitled "The Last Rose of Summer," uniquely set among the picturesque rock formations at the seashore.

Marie, the Wilder, a noted comedienne, is seen in the Vitagraph entitled "The Godmother." The Selig Co. presents a photo play that is a decided oddity entitled "A Motorcycle Adventure."

Next Sunday, Monday and Tuesday, The Charge of the Light Brigade," by Edmon, will be seen in addition to the three act play, "As You Like It." Lord Lovelace and his men, and the entire body of cavalry in the picture, comprise the Light Brigade.

The children's special educational meetings will be held at its regular hour next Saturday morning at this theater, commencing at 11 o'clock.

LYRIC

Tomorrow and Saturday, "Little Mary" Picture Biograph, will be seen in a photo play entitled "As You Like It." The Far" in which the reward of persistence may be delayed, but it is inevitable.

A Vitagraph comedy entitled "The Good Girl," in which Florence Turner, who is the leading fun-maker in this unique comedy, cries so effectively she called "the how-wepen she not only handles the position but the entire body of the audience to her husband. When she cries, she cries alone, and everyone laughs together with one accord.

"Why Jim Refused," a story of a drunkard's regeneration, "A Homeless Host," featuring pretty Ruth Belmont on a part of which is seen the ancient temples of Egypt, completes a vaudeville program.

Today is the last run of the "Deseray" at Sherman-Clay & Co.'s, in Oakland and San Francisco, and at Sader's, "The Sign of the Horn." The Gleesner-Morse Co., Tupper and Reed's and the Students' Co-op store in Berkeley.

BROADWAY

One of the best shows that has ever played and popular-priced show house is now at the Broadway, and will remain all week, closing Saturday night. "A Night on the Barbary Coast" is more on the order of a production than a vaudeville act. It is full of comedy, singing and dancing. In the closing number, where the entire cast of 35 people is in the dance hall, some clever dancers are shown to advantage. The other vaudeville acts make up the program.

Tomorrow and Saturday, "The Custer's Last Fight," a photo-play production that will live long in the memory of Oakland audiences, is being shown at the Canyon theater, today only. The production is made on a colossal scale with 2000 people in the cast. The "Custer" people claim the cast is the largest in the world and its appearance is eagerly looked forward to in the coming portrait.

Every one remembers Rip Van Winkle two acts production, played a short time ago, at the Canyon. Now Robert McWade, Jr., who presented the remarkable characterization of old Rip, in "As You Like It," will assume that difficult role, that of the jester Touchstone.

He can easily remember the enormous outlay and pal-sousing effort taken by the Vitagraph company in their endeavor to give the photo play public the most scholarly and artistic a removal from the ordinary. Photo plays, Vitagraphs, is a marked feature in the American-entertainment. France, showing explicit views of little before in which the famous Marie Antoinette made her famous subject will be on sale. As presented by those who have visited Paris.

YOUR UNCLE MUN

Wilson presents much comedy in "Uncle Mun," which has been taken from the well-known "Uncle Tom's Cabin." It is a life story of Uncle Mun, who will report his name to the world immediately. The "Uncle Tom" was removed this morning. The "Uncle Tom" who left last night the train, the owner to take care.

ELECTRIC TRAIN KILLS A HORSE

ALAMEDA, Oct. 10.—A horse was killed, a wagon demolished and a man had a close call from death yesterday afternoon when an Alameda horse ran away and struck a big electric train.

The man, who was driving the horse, was struck by the train and was thrown from the animal. The man was taken to the hospital.

One thousand Indians and a thousand soldiers are seen in the "Circle of Death." Custer's troops were annihilated in the "Circle." The photo play shows this bloody struggle in detail.

Oakland as an Immigration Center.

Oakland has become a distributing point for colonists who come to the northern and central sections of California. Since September 1, 3500 colonists have arrived in Oakland over the transcontinental railroads, brought hither by judicious advertising, in which civic associations and private agencies have participated with the colonizing bureaus of the Southern Pacific, Western Pacific and Santa Fe.

This stream of settlers is a gratifying evidence that the climatic and soil advantages of this section of the state, and the opportunities for getting homes in a territory admirably supplied with transportation facilities, are at last being made known in the East. Oakland is the natural point for the streams to converge and radiate from out into the interior. This city is the continental capital for the whole region lying north of Tehachapi. Here are the terminals of the three transcontinental systems, and all through passengers land here. From Oakland the homesekers can survey the surrounding country and select a place for settlement.

Immediately back of Oakland lies the Coast Range country, renowned for its delicious climate, its fertile soil and its infinite variety of production. Further back are the great interior valleys of the Sacramento and San Joaquin, with the delta region lying between. Here are lands for a million people—wealth, comfort and all the appurtenances of an advanced and progressive civilization. Behind the great interior valleys lie the rich foothills of the Sierra Nevada, famous for their luscious fruits, gold mines and mellow sunshine.

From all these favored districts every road leads to Oakland. So the settler comes here first and then chooses the place where he will plant his home. Oakland is the point of arrival and distribution, made so by geographical location and transportation advantages. It is becoming known in the East as such, and hence is drawing favorable attention in localities where its very name was unknown a few years ago.

What the immigration pointed this way means is, that Central California is coming into its own. People in the East desiring to change their residence are at last learning that better land can be bought for less money in Central and Northern California than in the highly-touted region tributary to Los Angeles. They are learning that the climate here is delightfully mild and equable, and that opportunities are more abundant than in the extreme Southern section; that there is a wider range of production and, contiguity to markets. They are also learning that the cultivable area of this region exceeds that of Southern California multiplied many times, and that transportation facilities by rail and water are abundant. The greater proportion of this vast territory is being rapidly brought under irrigation, providing security against drought and crop failure and preparing the land for intensive cultivation and a dense population.

Oakland is the city of opportunity, and behind it is the country of opportunity—opportunity to acquire lands and build homes at moderate cost, opportunity to make money and dwell in comfort amid agreeable surroundings and among cultured, hospitable folk, ready to give the stranger a cordial welcome and a helping hand. People in the East are finding this out and they are coming here in great numbers, which means much to Oakland and the region tributary to it.

Marshall Black, the Progressive Senator from Palo Alto who embezzled a great sum belonging to the building and loan association of which he was manager, refuses to resign his seat in the Senate. He is a thief, admits he is a thief, but insists that he is fitted to make laws for the people. He confesses that he is crooked in business, but claims to be straight in politics. Black was hot for unseating Lorimer and doubtless thinks Penrose should be expelled from the United States Senate, yet he refuses to resign. If his constituents do not recall him, he should be expelled as soon as the Legislature meets. The people of the Palo Alto district may be willing for an acknowledged thief to represent them, but the citizens of other sections of the State should not permit a defaulter and a thief to sit in the law-making body. The Legislature should not be reduced to the moral level of a convict camp.

The Republican Campaign Book.

THE TRIBUNE has received a copy of the Republican campaign book with the compliments of the Republican National Committee. We are very much obliged, but the action of the band of Christian soldiers led by Meyer Lissner, Chester Rowell and Tom Finn makes the gift of little value. Although containing much interesting information, it is about as useful in California as theater tickets for a show that has had its date canceled. There is nothing in the book about Armageddon or the virtues of Bill Finn and George W. Perkins. Nor does it contain any reference to Roosevelt's efforts to make a cardinal out of Archbishop Prendergast or the contributions to Roosevelt's campaign fund which Standard Oil Company, J. Pierpont Morgan, Henry C. Frick and E. H. Harriman made in 1904. Indeed it is devoid of much constructive information of current interest, although it does contain a truthful record of the official stewardship of a faithful, upright and capable man who has been shamefully maligned by unscrupulous demagogues who have capped the climax of meanness and trickery in California by robbing the Republican party of its name and emblems by a bold subterfuge. The campaign book only serves to remind us of the fraud practiced on the voters of this State and the duty of administering punishment to the men who perpetrated it.

The Senate committee is inquiring into the source of campaign contributions and has gone back to a time before there was any law on the subject, why not ask somebody about the contributions to Mr. Bryan's campaign fund in 1896? Most of the silver kings are yet on the throne, and some of them 'way up. Why not ask about it?

Albert H. Elliot is offering the people of Oakland, Berkeley and Alameda cheap water from Hetch Hetchy as an inducement for them to consent to annexation. To hear him talk one would think that his mouth was Hetch Hetchy, and through it flowed all the waters of the mountains. We have long suspected that he had water on the brain, for he has given many evidences of mental derangement and is now developing a tendency to intellectual blight that is unmistakable. But the purchase of Spring Valley comes from Hetch Hetchy. It is Spring Valley Elliot is talking about the object. He wants the people on this side of the bay subject to political slavery that they may be reduced to financial slavery for the benefit of San Francisco.

Why S'manthy Skinners Is Opposed to Aviation

—BY THE OAKLAND TRIBUNE CARTOONIST.

What San Francisco Covets.

The Hanford Sentinel has this to say:

"The Santa Fe Railroad Company is going to have terminal facilities at Oakland. The company has just purchased thirty acres on the Oakland estuary, paying \$990,000 for the same. That is \$33,000 an acre. This will give the railroad facilities adjoining the wholesale district, putting it on an equal footing with the Southern Pacific and the Western Pacific lines. Gradually Oakland is becoming fitted for railroad traffic such as few cities in the State can boast of."

In the last sentence our Hanford contemporary names the reason why San Francisco is so eager to annex Oakland and the other cities fronting the east bay shore. San Francisco does not like the development of rail terminals and port facilities in progress on this side of the bay. She wants all ships to dock at her wharves, will compel them to dock there if she has the power. That is why San Francisco is bending heaven and earth to take Oakland and her sister cities under her authority. She desires to stop the creation of terminal and port facilities on this side of the bay that will make the shippers of California independent of San Francisco.

Dan Hanna, son of Mark, gave \$177,000 to help carry the primaries for Roosevelt, while Bill Flinn only acknowledges to \$102,000 spent in the attempt to promote a spontaneous uprising of the people at Armageddon. Surely such devotion deserves an adequate reward. Flinn wants his in the shape of a seat in the United States Senate. We nominate Dan Hanna for the ambassadorship to Dahomey.

HOW THEY TRAVEL IN GREECE

The Kingdom of Greece has an area of about 25,000 square miles, a population of 2,700,000, and is bordered by the sea on all sides, except along its northern frontier. Its coasts are so indented by deep gulls that some forty years ago Mr. Manitakis, the Minister of Public Works, said that Greece was so well provided with natural waterways that she had no need of any others.

As a matter of fact, railway development in Greece has been exceedingly slow. Except for the plains of Thessaly, the country is rolling and mountainous. The arable land is scarcely eighteen per cent of the total. Greece does not raise enough wheat to meet home consumption. The other products are raisins, near Corinth; olives and olive oil, tobacco and wine. There is a little grazing for sheep and goats. The mines produce lead and zinc.

Early in the morning of the 12th inst., they were again, and some amusing incidents were witnessed while the cutters were in search of their quarry.

When operations were commenced on the customs jetty among the coolies working cargo, there was a general stampede. Hundreds of them rushed to the cargo boats that were alongside discharging others to sampans and shoved off to safety, while many who were left behind, but able to swim, plunged into

WITTY BITS

Finally, near Athens, there are some important marble quarries. The principal industries are silk weaving in Thessaly, tanneries and boat building. While the methods of land communication are not very well developed, the commercial marine has a registration of 360,000 tons, and is of some importance. The exports from Greece amount to about \$60,000,000 a year, nearly all to European countries (thirty-two per cent less to England). With the exception of Trichala and Larissa, nearly all of the cities of Greece are situated either on the coast or near it.

It has only been within the last few years that the improvement in the financial situation of Greece has made it possible for her to take up the matter of land communication and engage actively in railway construction. The railways in operation comprise about 650 miles.

KANSAS WHEAT CROP

It is now estimated that the wheat crop of Kansas may amount to 90,000,000 bushels. A Kansas miller has figured out that if this crop were baked into loaves of bread, each eight inches long, there would be 6,100,000,000 loaves. If these loaves were laid in a line end to end they would stretch out a distance of 623,333 miles—three times the distance from the earth to the moon, with 112,000 miles to spare.

As the flour necessary to make a loaf of bread will make ten fat doughnuts, if the Kansas wheat crop were worked into four and baked into doughnuts, there would be 43,000,000 doughnuts. That would be 43 doughnuts for each man, woman and child at present living on the globe.—*Topeka Capital*.

REV. P. C. YORKE TO GIVE LECTURE

"City of Souls," St. Peter's, Vatican and Forum to Be Shown.

For the purpose of raising funds for the San Rafael Orphanage an illustrated lecture in four parts by the Rev. Peter C. Yorke and a varied program of entertainment of instrumental and vocal solo, will be given at St. Anthony's hall, East Oakland, Wednesday evening, October 16, when it will be the magnet of attraction for several hundred people.

The four parts of the lecture will introduce the "City of Souls," St. Peter's church and the Vatican, the "Forum of Rome," and "Among the Churches." The four subjects have been selected from a large list of subjects and should prove highly entertaining.

Under the auspices of men and women who are directing the details of a church fair which is now taking place at St. Anthony's church in East Oakland a theater party was held last evening at the Oakland Orpheum, when it was predicted by the committee men and women, that a hundred thousand would be present.

In order to give the public an opportunity to hear the scheduled lecture, tickets have been placed on sale at the Pierce Hardware Company on Broadway near Twelfth street, where they may be procured up to and including next Wednesday afternoon.

TEACHERS TO VISIT LOCAL FACTORIES

Educators Will Be Told of Oaklander's Varied Industrial Enterprises.

LOS ANGELES, Oct. 10.—Manuel Villegas, of Mexico City, rated at more than \$50,000, spent the night in the City Jail because the police refused to accept bail after having arrested him as a masher, and yesterday Police Judge Frederickson fined him \$25 or the alternative of a jail term after he pleaded guilty. He paid.

Villegas sought to mate the acquaintance of Miss Virginia Reel, a handsome young woman, by handing her a note on the street. She ran him off, his attention was called to a officer afterward swearing to a complaint. She is a cashier in a restaurant where Villegas took a meal, and she impressed him so favorably that he followed her at closing time.

The Mexican, who is 42 years old, testified that he owns 50,000 acres near Compostela, State of Tepic, and is half owner of a large mill in Mexico City. He came here on business several days ago. The note he handed Miss Reel was extremely courteous. Colonel Villegas, recent Democratic candidate for Lieutenant-Governor; J. D. Thompson, W. H. Huff and P. B. McCabe, extensive oil operators, testified that they have known Villegas for years at a thorough gentleman of large means.

CANAL TO CUT RATE TO EAST, AVERS POWELL

WASHINGTON, Oct. 10.—G. Harold Powell, president of the California Fruit Growers' League, is here on business for the league before the Interstate Commerce Commission.

Powell declared the opening of the Panama canal should result in reducing rail rates on California fruits to the Atlantic board and out to the California ships on a freight equality with Mediterranean shippers, the latter now being able to send fruits by sea from Mediterranean points to New York as far as the cost to California shippers from the Pacific Coast to New York.

If the railroads do not reduce rates after the canal is opened, says Mr. Powell, it will be possible to fit refrigerator ships for carrying perishable fruit from San Francisco to New York via the canal.

The new staff of the Collegian, the student monthly of St. Mary's College, has reason to be proud of the October issue. Leo J. Murasky '13, the editor, has presented a varied magazine with readable stories and a strong editorial department.

A special feature is a department devoted to the interests of St. Joseph's Academy, Berkeley, the preparatory department of the college.

Notable among the contributions are "The Barren Eighteenth Century," by Gerald J. Brusher; "William Haasit," by Richard J. Curtis, and "Twenty Years After," by Louis P. LeFevre. An address delivered by J. Alpheus Graves of Los Angeles to the class of 1912 occupies the greater part of the issue.

J. Valentine Fleming, a freshman, is business manager of the publication. The associate editors are: Richard J. Curtis, Thomas Rose Horan, Louis P. LeFevre, Gerald J. Brusher, Bartholomew J. Hardiman, Frederick T. West, Theodore J. Davis and Richard Henry Hammond.

ANNUAL MEETING OF SUNDAY SCHOOL HELD

The annual meeting of the First Methodist Episcopal Sunday School was held on Tuesday evening, the Rev. George W. White, D.D. pastor, in the chair. A large attendance of the officers and teachers was present, and the reports from the superintendent, secretary, treasurer, and teacher showed a most prosperous condition of the school. Although the quarters at Maple Hall are not, in any sense ideal, the school continues to grow.

The following were unanimously elected as officers for the coming year: Henry Morton, superintendent; Mary Roberts, secretary; C. H. Victor, treasurer; Walter Jarvis, librarian; Ruth Griffin, pianist; and Mrs. C. H. Dilley, president.

EXTRA TRAIN SERVICE FOR WALNUT FESTIVAL

In order to insure adequate accommodations for those who attend the Walnut Festival at Concord, the Southern Pacific will provide extra train service on October 10, 11 and 12 as follows: Train No. 106, leaving Sixteenth-street depot at 8:17 a. m. will be run through to Livermore, and Train No. 143, arriving at Oakland at 10:15 p. m. will run via Concord and Avon.

Saturday night, Oct. 12, a train will be run from Concord, leaving at 11 p. m., through to Oakland, via Niles.

A. R. James, proprietor Lee Pharmacy, Union California says: "I have been mixing Foley & Company's medicines for years. Foley's Homey and Taff company I consider has no equal and is the one company I recommend in my practice. It contains no narcotic or other harmful properties. What's

ILLINOISANS TO CELEBRATE 10TH ANNIVERSARY

MRS. HARRIETT M. HALL.

The tenth anniversary of the organization of the Illinois Society will be celebrated next Monday evening at its regular monthly "Dime Entertainment" in Havens' Hall (formerly Woodman), 529 Twelfth street.

Past presidents and other officials have been invited to be present and several will respond with greetings and a few remarks, among whom being H. J. Waters of Santa Rosa, the first secretary.

The address of the evening will be given by B. P. Miller of the Alameda County Anti-annexation League, beside which will be a brief history of the society by the present secretary, Mrs. H. P. Miller. Brunch will be served at the first meeting held October 18, 1902: a piano solo, Miss Bertha Anderson; a reading by Miss Lucile Jess; a pupil of Miss Hilma Butcher; a vocal solo, Miss Anita Brodt.

Mrs. Harriet M. Hall, a prominent member of the society, has been giving much of her attention towards insuring the success of the affair.

A large attendance of the early members is especially requested and all Illinoisans about the bay, with their friends, are invited to attend the meeting.

FOOTPRINT ON BIBLE CAUSES HIS CONVICTION

FORT WORTH, Oct. 10.—His footprint on the dusty cover of a Bible sent William Hargraves to the state penitentiary for two years at Denton. He robbed the store of W. W. Pruitt of Roanoke last March.

Pruitt discovered the footprint, which corresponded with the shoe of Hargraves, who had bought a new pair at the Pruitt store.

ONE OF FAMOUS TWINS DIES; OTHER NEAR END

WILMINGTON, N. C., Oct. 10.—Death yesterday claimed Miles, one of the famous Miles—Christine twins, known all over the world. Christine still lives. The woman died at the home of the pair, near Wilmington. The death of Christine is expected to follow in a few days.

The twins had the same body, but had two heads and two sets of lower extremities. They had been seen all over this country and in Europe and could speak several different languages. They were highly educated. They could talk to themselves or could carry on conversations with others at the same time. While one was asleep, the other could be awake, and as a rule they went to sleep at the same time.

Born in slavery times, the women, who were colored, were sold for \$40,000 to be used for exhibition purposes. Stolen from their owner in Philadelphia a few years later, they were taken to Europe, where they were found many years afterward.

They were recovered by the owner, and since then have been on the road. They are said to have been well paid.

FIND FORGED ORDERS FOR PRISONERS' RELEASE

OMAHA, Oct. 10.—Discovery of forged orders for the release of prisoners in the county jail was announced today. Investigation as to how many of these forged orders have been honored is now being made by the county officials.

Two Watchmen Stolen.

JAMES Miles, 2426 Adeline street, reported to the police this morning that his dog, which had broken into his home and had stolen a watch and a ring, had cut the rear door after cutting the screen.

In the future the period of duty for

gunboat officers, except the commandant,

will be only one year, so that a greater

number of them may have the advantages

of training on vessels where their individual responsibilities and range of duties are greater.

ALLEGED DRIVER IS ACCUSED OF THEFTS

SAN FRANCISCO, Oct. 10.—Albert P. Faller, a grocery wagon driver who used to break into department

houses all over the city, was booked by

Detectives Dinan and O'Dea on

three charges of burglary.

"We have twelve good cases against

this man," said Detective Dinan, "but we have decided to place the three set

charges against him."

The complaining witness was Mr.

L. Peabody of 1419 Van Ness avenue,

and W. R. Parsons of 1415 Leavenworth street and Mrs. Alice Morgan of 210 Ellis street.

Faller gave his age as 19, although

he is 20, and that he is only planning a life

of crime when he appears in court.

to attend the meetings of the
International Congress of Architects
held at the Royal Institute of
London.After the Congress he visited the principal cities of the United States, among
them New York and Boston. In addition
Dresden, Mr. Meyer was greatly
impressed by the beauty of the
American cities, and he said today
that he intended to make a special exhibition
of his photographs in this country.A lecture with which every architect
in Europe is impressed is the
English artistic poster advertising every
possible article of interior decoration, lectures
at Congresses and exhibitions of
every kind.Mr. Meyer is adding many fine specimens
of such posters to the collection
owned by the California School
of Arts and Crafts. An exhibition of
these new posters will be held in the
exhibition hall of the school at 2119
Alton way the date of which will be
announced later.CHARGES CLANCY

Wire.INDIANAPOLIS Oct 10.—Managers
of telegraph offices at Spokane,
Seattle, Portland, and San Francisco
testified at the "dynamite conspiracy"
trial today that telegrams sought by
the government had been destroyed
by J. B. Coggins, San Francisco, was
asked to produce a telegram reading
"Clean house," and "Sent by Eugene
A. Clancy from Boston to 27 Excelsior
avenue, San Francisco." Coggins said
the telegram file had been destroyed.The government charges that on
reading of the loss of life at the Los
Angeles Times disaster, Clancy, then
on a visit to Boston, decided to de-
stroy certain evidence relative to vari-
ous Pacific coast explosions and that
he had sent a clean house message

ON ROAD TO RECOVERYALAMEDA Oct 10.—L. R. Tracy,
of 1556 Santa Clara avenue, who
has been confined to his bed for 10
days with injuries sustained through
being run over by an automobile in
San Francisco, is able to be up and
around. He is still crippled with an
injury to one knee.The accident occurred at Market
and G. Farrell streets. The Alamedan
was crossing the street from the side-
walk to the safety station to board a
car for the ferry when he was struck
by an automobile owned and driven
by William Prinker. Prinker picked
the injured man up, conveyed him to
a drug store for emergency treatment
and later carried him to the ferry in
his car.

TO COMMISSIONFiremen Narrowly Escape In-
jury When Hot Water Boiler
Explodes.ALAMEDA Oct 10.—A fireman of the
Alameda Fire Department, his bedroom
with mother and the door starting
blaze, was saved from the flames by
a fireman who was near the walls of the
burning house in one minute. The
fireman, who was working in the
kitchen, knew the reason for the fire
and, as soon as he saw the smoke, he
left. Such a fire had been quelled
by the firemen even before he awoke that
no time was lost in getting the structure
into a condition of safety.The fireman's children are aged three
and seven years respectively. They slept
in the same room with himself and his
wife. Their escape from injury or death
in the fire was narrow as it was
the doorway was narrow and the
water pipe burst from the
kitchen and ran into the
bedroom. The fireman was a
mass of flames. They turned down
into the street and the fireman
was turned in the alarm.The firemen were in the kitchen when
the boiler exploded. So great was the
force of the explosion that the top of the
boiler was blown through the roof and
struck a block of stone. Captain
Chief G. S. Rose, Lieutenant Thelma
J. Keon, J. Northrup and
William McNamara, hosemen were
thrown to the floor by the force of the
explosion but were not seriously
injured.Rose was manager of the Ideal Electric
Company. He has lived in Berkeley
for a number of years.I do not know of any more ap-
propriate spot for the performance of
a beautiful and poetic pastoral play
like Charles Noyes' "Sherwood" than
the romantic glade near the Faculty
Club for the production Saturday
night of "Sherwood," says Professor
Charles Mills Gayley, head of the department.

Professor Chancery W. Wells adds:

The place chosen for the play is
ideal. Noyes is without doubt one
of the most brilliant of the younger
generation of English lyric poets. He
has combined into one story all the
most important legends of Robin
Hood. It is, indeed, a charming poet-
ical play.Work is progressing on the bleachers
and extra facilities for seating will
be arranged. This has been found
necessary to accommodate the heavy
advance sale. Some few tickets
will be sold at the door.PIANO CLUB WILL

club hall, Haste street, near College
avenue. The program will be as follows:Mozart—Quintet in G major, Allegro
Vivace Assai, Minuetto, Allegro, trio 3-4, Andante Cantabile 3-4, Molto Allegro 2-2.

Glazounow—"Courante" 3-4

Cesar Franck—Scherzo 3-8

Bethoven—Quartet in C major, op. 59, No. 3 (Dedicated to Count Au-
gustus von Kotzebue)

Introduction—Andante Con Moto 4-4, leading to Allegro Vivace 4-4, Andante con moto quasi Allegro 6-8, Minuetto, Gravioso 2-4, Allegro molto 4-4.

At the second concert, Thursday evening
October 22, the program will include
the Schubert quartet in A minor and
the Dohnanyi quartet in D flat.COUNCIL PLANS BENEFIT
FOR CALIFORNIA BANDALAMEDA Oct 10.—California Council
No. 24, Young Men's Institute will
give a grand benefit entertainment for
the military band of the organization on
the evenings of October 17 and 18. The
entertainment will be held in Lafayette
hall. Some of those who will take part
in the varied program will be Eddie Healy,
Walter Thompson, Mrs. M. Ormsby, Miss
S. Stroh, Mrs. G. A. Leroux and others

CONFIRMED PROOF

Residents of Oakland Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of back, back—from disease, kidney, ill-thought-out, has publicly recommended Doan's Kidney Pills. Residents of this vicinity, who so testifies years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Oakland, Marin, San Francisco, Berkeley, Calif., says: "Ten years ago I began to suffer from kidney and bladder trouble, and the misery I endured cannot be fully described. The trouble must have been in my kidney, for the first time, as I awoke one suddenly without knowing I had a pain in my back, and often it was so severe that I could not refrain from screaming. I often had to take to my bed. As the pain were not enough to distract me, the trouble from my kidneys was so bad that it really distract me from my entire system. My complexion became yellow and dark rings encircled my eyes. Headaches and dizzy spells were common, and I was in despair." Being advised to try Doan's Kidney Pills, I did so and they proved a great blessing to me. The contents of the first box made me feel like a different person, and before long I was cured. I am now in good health and my kidneys are doing their work as they should." (Statement given August 12, 1907.)

SECOND STATEMENT.

On January 18, 1910, Mrs. Cannon said: "During the past year I have had no need of a kidney medicine. I gladly re-endorse Doan's Kidney Pills and shall always have a box of pills for them." For sale at all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WILSON TO LEAD BIG NEW YORK PROCESSION

NEW YORK, Oct. 10.—Plans for Governor Wilson's presence at demonstrations here on two consecutive Saturdays were announced today. The Woodrow Wilson College Men's League is arranging for October 19. A Wilson parade down Fifth avenue. The plan is to have Governor Wilson himself. Also, by Representative Sulzer, Democratic candidate for governor of New York, attend the procession. More than 1000 students are expected to be brought in from Princeton alone and other colleges will participate in the parade.

For the coming Saturday, October 12, Governor Wilson has accepted an invitation from the Italian societies of this city to address their annual meeting.

LOST BOY FOUND; HIS MIND BLANK

Horace Walling, Jr., Discovered at Stockton Under Another Name.

SAN MATEO, Oct. 10.—Nineteen-year-old Horace Walling Jr., former assistant gunner in the navy, whose strange disappearance from the home of his wealthy parents in San Mateo four weeks ago led to a State-wide search, was found yesterday by his father working as mechanic in the railroad yards at Stockton.

Young Walling had forgotten his name and could not account for his disappearance, but the sight of his father partially restored his memory and made him recognize his identity.

The boy was discovered through a letter he had written to Joseph Fitzgerald, one of his former messmates in the navy, at Cedar Rapids, Iowa. Walling signed the letter "Eugene Harold Dickey," the name by which he was known in Stockton.

SCORE RAILROAD.

STOCKTON, Oct. 10.—The shortage in the San Joaquin grape district continues to be serious and the end is not in sight. The railroad companies have 50 carloads of Tokay in the various packing sheds that are ready for shipment and only a few cars have arrived to handle them.

At the San Joaquin packers, packers and loaders have been laid off, while growers have been apprised of the situation and warned against trying to ship too many grapes until the situation is relieved.

Young Walling immediately recognized his father and recalled his identity, but was unable to account for the circumstances under which he disappeared from home.

It was while in Havana as an assistant gunner in the navy that Walling suffered a sunstroke. When he regained consciousness he could not hear, talk or write, and had forgotten his name.

After undergoing treatment at the naval hospital at Portsmouth, N. H., Walling's parents arranged for his return from the navy and took him to their home at San Mateo.

The young man improved under the influence of home environment, and his parents believed he was on the threshold of complete recovery when he disappeared on September 10 last.

Horace Walling, the actor, is an uncle of the boy.

MOTORCYCLE OFFICER IS FATALLY INJURED

LOS ANGELES, Oct. 10.—Emil T. Haggman, a motorcycle officer of this city, was probably fatally injured last night when he collided with an automobile driven by Elmer Tucker, the young son of B. F. Tucker, a banker of Long Beach. The officer's left leg was shattered and he suffered severe scalp wounds and possibly concussion of the brain.

The accident occurred at a corner, which, it was asserted, young Tucker turned too sharply, making it impossible for the officer, who was riding on the right side of the street, to avoid a collision.

Saved By His Wife.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. She insisted on my visiting Dr. King's New Jersey, writes Mr. F., "for a dreadful cure which I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and nose troubles, grip, bronchitis, asthma, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cts. and \$1.00. Guaranteed by Osgood Bros.

KANSAS CITY DIVORCE LIST GROWS SMALLER

KANSAS CITY, Mo., Oct. 10.—Divorce in Kansas City is decreasing, according to figures given out today by W. W. Wright, divorce proctor. From October, 1910, to October, 1911, divorces were granted to 91 women and 250 men. During the year ending October 1, 1912, 631 women and 250 men obtained decrees. The decrease was about one-third.

CHICAGO INTER-OCEAN RE-SOLD TO KOHLSAAT

CHICAGO, Oct. 10.—H. H. Kohlsaat, editor and publisher of the Chicago "Inter-Ocean," purchased yesterday from George W. Hinman, who will retire from Chicago journalism.

Kohlsaat, according to an announcement, will take immediate charge of the Inter-Ocean.

Important changes in the business and editorial organization of the paper are said to be included in the policy which Kohlsaat has planned.

Kohlsaat was owner of the Inter-Ocean from 1881 to 1883. He became editor and publisher of the Chicago Times-Herald in 1885. The Times-Herald and the Record were consolidated in 1901 into the Inter-Ocean.

Kohlsaat was with the Record-Herald until 1902, when he withdrew, only to resume his connection with that paper January 1, 1910.

NEW YORK DRAWS LINE TIGHT AROUND DRIVERS

NEW YORK, Oct. 10.—Drivers of automobiles registered outside the state of New York will in the future be arrested and lodged in a police station for violation of traffic ordinances, instead of being summoned for a hearing.

Foreign drivers heretofore when apprehended by officers have been given the privilege extended by magistrates to state drivers to appear in court in response to summons without arrest. Because so many have ignored such summonses the magistrates have determined to take away the privilege.

FIGHT OF 3 YEARS IS LOST BY SLAYER

SANTA ANA, Oct. 10.—After nearly three years of fighting in the courts, S. H. Overacker, 62 years old, must go to Folsom to serve a sentence of ten years for killing his neighbor, G. A. Winn, at Newhope, January 13, 1910. The appellate court, it became known yesterday, affirmed the judgment of the Superior Court of this county. Overacker, gray, bent and partially deaf, shot Winn, as they had a series of quarrels over the irrigation of their ranches, which adjoined. Overacker claimed he shot Winn in the belief the latter intended to shoot him.

DEATH COMMUTES SENTENCE.

SACRAMENTO, Oct. 10.—E. A. Wetzel, a convict sentenced to Folsom prison from San Francisco for passing a fictitious check, was drowned in the dam at the prison yesterday afternoon, while in swimming. Wetzel had been working with a group of other prisoners and after their work ended they all went in swimming. Wetzel did not tell the others he could not swim, and when he went beyond his depth he perished.

HE WAS SATISFIED.

SACRAMENTO, Oct. 10.—Harry Coon, aged 21, a hotel clerk, was injured yesterday afternoon in a runaway. For an hour he lay unconscious in the Receiving Hospital while physicians sought to bring him back to life. As he opened his eyes he turned to the nurse and asked her the more. She told him Coon was ahead, and he relapsed into unconsciousness, satisfied.

LOST BOY FOUND; HIS MIND BLANK

Railroad Held Responsible for the Failure to Move Fruit.

LODGE, Oct. 10.—Thirty-four carloads of ripe grapes had been held here for 48 hours, ready for shipment along the company's lines and which could not be loaded because of the shortage of Pacific railroad carmen. The time the grapes makes the company responsible for the grapes and the shippers have presented claims for them to the railroad at the market price of 85 cents a rate.

During the night 18 refrigerator cars were delivered here and loaded immediately, but there remained enough of the fruit for 15 more. The shortage of Pacific railroad carmen is having difficulty in handling the crop and is making desperate efforts to prevent the loss of perishables for which it is responsible. Tonight 70 cars were expected to arrive in the southern part of the State and 50 of these will be rushed to Los Angeles.

STOCKTON, Oct. 10.—The shortage in the San Joaquin grape district continues to be serious and the end is not in sight. The railroad companies have 50 carloads of Tokay in the various packing sheds that are ready for shipment and only a few cars have arrived to handle them.

At the San Joaquin packers, packers and loaders have been laid off, while growers have been apprised of the situation and warned against trying to ship too many grapes until the situation is relieved.

Young Walling immediately recognized his father and recalled his identity, but was unable to account for the circumstances under which he disappeared from home.

It was while in Havana as an assistant gunner in the navy that Walling suffered a sunstroke. When he regained consciousness he could not hear, talk or write, and had forgotten his name.

After undergoing treatment at the naval hospital at Portsmouth, N. H., Walling's parents arranged for his return from the navy and took him to their home at San Mateo.

The young man improved under the influence of home environment, and his parents believed he was on the threshold of complete recovery when he disappeared on September 10 last.

Horace Walling, the actor, is an uncle of the boy.

SOCIETY

JOLLY dance takes place tonight at which Clarence Bras will be host, entertaining a large number of local beauties and gals as well as a considerable number from San Francisco. Some charming gowns will be worn, and the dance will be delightfully appointed.

The especially honored guest will be Mrs. Carlo Amis. Sharing with her the honors was to have been her flame, Frank Mercer Davis, but on account of the illness of his father, the latter was called away unexpectedly to Canada.

The dance will be held in the home of Mrs. M. Grossmeyer, who will assist in receiving the guests with her daughter, Miss Ruth Grossmeyer.

Among those bidden to enjoy the festivities are: Miss Carmen Chiricahua, Miss Edith O'Rourke, Miss Isabelle Scupham, Miss Claire Bon, Miss Elizabeth Cook, Miss Gertrude Mills, Miss Mamie Jones, Miss Margaret Warner, Miss Inez Euday, Miss Marie McHenry, Miss Lillian Lowell, Miss Grace Lewney, Miss Helen Downey, Miss Dorothy Cawell, Miss Evelyn Hulsey, Miss Ruth Everett, Miss Priscilla Shaw of Boston, Miss Clara George, Mrs. and Mrs. Thomas Cushing, Mr. and Mrs. Robert Whitehead, Miss Mary Merrick; Robert Huntington, Walter Perkins, Robert Sharon, Noel Harris, Morris English, Seyd Haven, Lawrence Nicol, Walter Clark, Billy Bryan, J. H. Cameron of San Francisco, Scott Mills, Walter Frick, Fritz Finchley, Raymond Merrick, Mr. and Mrs. Charles E. Lee, Virgil Jorgenson.

RECEPTION, GIVEN.

Mrs. Philip Alexander, formerly Miss Monica Fores, was the motif for a large and handsomely appointed reception given today by her mother, Mrs. Henry William Fores, in Alameda. About 150 society women of the bay cities attended. The house was adorned in flowers, green and white being the color note. Many Oaklanders, fashionably gowned, were among those who shared in the hospitality of the afternoon.

MISS LAURA JUDGE WEDS.

The marriage of Miss Laura Judge and Roy Reed was witnessed by 200 guests last night who assembled in Plymouth Congregational church, where the marriage service was read in a setting of pink roses and an abundance of fernery.

The gowns of the bridal party and of many of the guests were very handsome. After the reception and attendant good wishes, Mr. and Mrs. Reed departed on their bridal trip. They will live upon their return, in a new home in Howe street.

TO HAVE DECEMBER WEDDING.

Miss Helen Rickard will wed Dr. Louis Arnold some time in December at the home of her mother, Mrs. Thomas Rickard of Berkeley. She is a graduate of the Berkeley High School, and a member of the Lambda Theta Phi sorority.

WEDDING TAKES PLACE.

Miss Myrtle Haynes of Berkeley and Dr. Elmer G. Smith of Alameda were married yesterday at noon at the First Presbyterian church in San Francisco by Rev. A. R. Guthrie.

Miss Lillian Gardner of Mill Valley attended the bride, while Dan Bronson of Alameda was best man.

The bride is the daughter of Mr. and Mrs. William Barnes of Berkeley. She is a graduate of Miss Head's school. Dr. Smith is a University of California graduate and belongs to the Psi Omega fraternity and many fraternal orders, including the Masons and Elks.

The couple, after their wedding trip, will live in Alameda.

EN ROUTE HOME.

Mrs. T. J. Wrampelmier and Miss Ethel Wrampelmier will arrive in New York in a few days after a European trip of several months. They will visit a week or two in the East, and will return to Berkeley in time for the first dance of the Berkeley Assembly.

OAKLAND, CALIFORNIA, THURSDAY EVENING, OCTOBER 10, 1912.

NO. 51.

FLYING SQUADRONS TAKE THE STATE BY STORM OAKLAND'S FIGHT ACTIVELY WAGED

REAL MEANING OF SCHEME IS TOLD

Senator Leavitt Believes Los Angeles Will Oppose the Plot.

Many Meetings Held Throughout the City and County.

Sweeping along through the interior valleys of the state, the four Flying Squadrions of Oakland are taking California by storm. Immense placards in yellow and black and appearing magically in hamlet and town telling the story of that city's fight against the consolidation constitutional amendment which will appear the sixth on the ballot. Everywhere the Oaklanders are being greeted by crowded opera houses and welcomed enthusiastically. Telegrams are pouring into the league headquarters on the fifth floor of the Syndicate building, telling of successful meetings everywhere, and contributions from press clipping bureaus show that almost every newspaper of the state is giving credit to Oakland for its wonderful campaign and promising the aid of the communities they represent.

WOMEN IN FIGHT.

The women of the recently annexed part of Oakland have taken up energetically the fight against the proposed amendment whereby San Francisco hopes to gobble up Oakland and other neighboring cities. They are working in fine harmony with the Women's Auxiliary of the Alameda County League, which arranges for speakers at the meetings called and supplies literature. This afternoon an enthusiastic meeting was held at 1861 Seminary avenue by the Seminary Park group of the Fitchburg Congregational church, who acted as hosts. The women of the group, with Dr. Minnie Kibbe, who has been instrumental in arranging many meetings in Fruitvale, made a brief talk against annexation. The meeting was presided over by Mrs. McIntyre. Professor W. E. Gibson spoke against annexation today at a meeting of the Piedmont Center, held in the school at Bonita and Oakland avenues. Mrs. R. E. Beach presided over the meeting, which was well attended by Piedmont ladies.

TWO MEETINGS HELD.

Two anti-annexation meetings were held this afternoon at Berkeley. Bernard P. Miller addressed a group of ladies who gathered at the home of Mrs. Frank J. Woodward and explained to them the dangers that the scheme to annex Oakland, Berkeley and neighboring cities to San Francisco held for them.

The women of the Berkeley Civic Center held a rousing meeting against annexation at Unity hall, over which Miss Blanche Morse presided.

Senator Frank W. Leavitt, who left Tuesday evening for the southern part of the state to confer with leaders there on the matter of defeating the amendment, sent a telegram today to Dr. Ver McLaren, of the Alameda County League, that was full of encouragement. It reads as follows:

"Had conference today that will mean much to the cause. Lots of anti-annexation meetings will be held in Los Angeles city will give a majority against the amendment when they see the true meaning of the scheme. Leaders here declare the amendment vague and uncertain and want it defeated. Newspapers just getting wise to its infamy. More tomorrow."

F. W. LEAVITT BEARS OUT PRESS.

Senator Leavitt's telegram bears out the feeling of the press in the vicinity of Los Angeles, which is vigorously opposing the scheme of annexation. The Burbank Review prints the following:

"The people of the state of California have become thoroughly aroused to the responsibility that rests upon them in exercising the elective franchise November 6, and we shall see such a surprise to our neighbors. Not only do men and women wish to vote for President, but AGAINST certain proposed amendments, the most formidable being that which will give San Francisco and Los Angeles power to absorb at will contiguous cities and towns of smaller population and other local territory. Of course, we would have a chance to vote upon the question along with Los Angeles, the same as the cities of the bay region with San Francisco, but the big cities would overcome the vote of the smaller ones. See. That being the situation, one must kill the proposed amendment at the polls November 6."

"PERNICKY GRAFT."

The Fullerton Tribune says: "One of the rankest and most perfidious pieces of political graft ever planned for November 6, next, when an attempt is to be made by San Francisco and Los Angeles to saddle up the people the obnoxious consolidation amendment. Voters men and women, everyone of you who has not done so, register at once and be prepared next November to swat the thing. We want more money, to get more money we want more hands, to get more hands we must get more taxable property, to get more taxable property we must annex more territory. Is the cry of San Francisco and

Los Angeles hence the attempt to carry the amendment next November, which will enable the aforesaid cities an opportunity to gobble up their contiguous territory. Voters, be alert and do not let them kill the proposed amendment. Sure, we will such an avalanche of votes that it will not be susceptible of resurrection."

The Sacramento Bee comes out with a strong editorial urging the Sacramento Chamber of Commerce to be more firm against San Francisco's plan to control the waterfront of the bay.

The Golden Gate Women's Assembly, with headquarters at 2830 Adeline street meets tonight for its regular weekly session.

The members of the club are putting up a strong fight against the annexation to San Francisco.

ARGUMENTS AGAINST ANNEXATION.

The following arguments against annexation have been sent out by the Alameda County League:

"Most people who favor the proposed amendment to section 7, article XI, better known as the annexation amendment, seem to entertain the idea that it does not in itself effect radical changes.

"Since the amendment provides for an election in which a majority is necessary to decide in favor of 'going in' to San Francisco or Los Angeles, 'why,' they say, 'do we so violently object to so obviously the right to be annexed, they can vote down the proposition later on?'

"Such an attitude is based absolutely upon a misunderstanding of the situation. The amendment itself does effect radical changes. It absolutely supersedes the existing law providing for the merger of city and county governments and without further legislation the situation as it now exists will be if the amendment is adopted no better in northern California can form a consolidated city and county government except by joining to San Francisco.

"No community in southern California can form a consolidated city and county government except by joining to Los Angeles.

Under the present law any city may form a consolidated city and county government.

"If this amendment is passed and Oakland should vote not to go into San Francisco, and should prefer to form a consolidated government with other towns of Alameda county, she could not legally do so.

"If Sacramento or San Diego or San Jose should desire to form a city and county government they could not do so because a city of a total population of 350,000 people would not thereby be created.

"The amendment makes the creation of a city of not less than 350,000 people a sine qua non, and it is there for special legislation discriminating against all the other cities and in favor of the two big cities, Los Angeles and San Francisco.

"To realize consolidation with any community San Francisco must prepare a constitutional amendment that will guarantee to every community uniting with her freedom from the debts of the old city.

The writers of this amendment have not gone to the east bay cities as they would have these cities do to San Francisco. Why a population provision that denies consolidation to all the cities of the state save two? Why no complete guarantee to the east bay cities against the existing debts of San Francisco? Why no provision for the future sale of San Francisco's bond issues without their becoming a charge on the cities with whom union is sought?" In brief why a proposed amendment is unfair to bridging it in that an understanding of it is inferred in the observer and a firm determination to defeat it in those at whom it is aimed?"

WHITE SLAVER SENTENCED.

SAN FRANCISCO, Oct. 10—N. Ito, a Japanese, convicted of white slavery, was sentenced by United States Judge De Haven this morning to one year's imprisonment in the Alameda county jail.

LIABILITY FOR INDEBTEDNESS.

The most serious objection to the adoption of the proposed amendment is that its provisions dealing with liability for city bonds are uncertain in their terms and dangerous in their suggestions.

"While the amendment states with a certain degree of clearness that bonds outstanding shall remain a tax on property upon which they were originally levied, nothing whatever is said about bonds authorized and not sold at the time of consolidation.

"San Francisco has authorized over \$100,000,000 in bonds that are now unsold. One thing must happen to these bonds in the event of consolidation.

"Either they will be continued and sold thereafter and become a charge upon all the cities that join with San Francisco or they will be nullified at consolidation.

It cannot be said that San Francisco intends to nullify the Hatch Hatch bond issue and all its other bonds not sold. This fact coincides with the omission from the amendment of any provision allowing the Hatch Hatch and other unissued bonds

AAHMES TEMPLE PLANS MILITARY BALL 1500 INVITATIONS ISSUED FOR AFFAIR

Drill Team Will Give Exhibitions of Its Skill

It has been a long time since Oakland has seen an brilliant a function as is promised in the military ball to be given under the auspices of Ahmes Temple, Nobles of the Mystic Shrine, on the evening of October 19 in Piedmont Pavilion, Twenty-fourth street and Oakland avenue. The pavilion will be beautifully decorated for the occasion with the temple collections.

At comparatively nominal cost an arrangement can be made with the American Federation of Art, which controls sixteen valuable collections, whereby we could exhibit one of these collections every month in the year.

In addition to the floral decorations

a unique scheme for electric lighting is being worked out by Charles Staub, chairman of the committee on

decorations and thousands of incandescent globes, blue and yellow, will be strung through the greenery used in banking the walls.

Among the patrons and patrons

of the event who are working for the success of the event are R. W. Meek, grand commander of Knights Templar, and Mrs. Meek.

been sent out to Shriners and their friends for the ball and it will be one of the most exclusive affairs held in many months. Admission will be by card only.

Ahmes Army patrol will give an exhibition military drill preceding the dancing and there will be two drill squads on the floor. Many intricate evolutions and fancy figures will be presented. Ahmes Shrine band will give a concert and "will also furnish the music for the ball. Light refreshments will be served.

OAKLAND TO BE WOULD CENSOR ART CENTER OF WEST

Conference of Public Officials Results in Adoption of Plans.

Statuary, Paintings and Lec- tures on Both to Be Housed in Auditorium.

Following a conference with city officials and Supervising Architect J. J. Donovan, City Librarian Charles S. Greene today made public a plan whereby it is hoped Oakland will eventually take her place as the leading exponent of art culture on the Pacific coast. The plan includes the following features:

Since on the third floor of the new auditorium for two large art galleries and a general adaptation of the building for the purposes of displaying statuary, paintings and works of art.

An arrangement with an organization such as the American Federation of Art whereby a magnificent collection of rare paintings would be sent every month to Oakland for exhibition purposes.

The appointment of an art lecturer competent to conduct lectures especially for school children, the second for art students, and the third for the general public, all to be illustrated with lantern slides.

Lastly, a yearly contest among local artists for a cash prize of \$1000, competent judges deciding upon the merits of the canvases exhibited.

PLANS AGREED ON.

While these features are tentative, the general plan has been agreed upon by Mayor Frank K. Mott and City Librarian Greene. Architect J. J. Donovan declares that the Auditorium plans already permit of adapting the immense half-million dollar structure admirably for the purposes of an Institute of Art.

By virtue of a clause in the new city charter the board of library trustees are given charge of the proposed art gallery. Librarian Greene has been planning for months to lay the foundation for a movement that would elevate the community and bring fame to the city. There were many obstacles in the way chief among which was lack of funds to build and equip a building that would meet requirements.

The park commission in June turned over to the library trustees the old De Fremery house in De Fremery Park, but the building was in fair condition and necessitated a complete remodeling if it was to be used as an art gallery. An increased appropriation of \$16,000 for this purpose was sought by the library trustees in this year's budget, but was denied by the city commissioners when it came to fixing the tax rate. The library board thereupon turned back the De Fremery building to the park commission and abandoned all idea of an art gallery.

OTHERS TAKE UP SCHEME.

Mayor Frank K. Mott and City Librarian Greene at this point and the result was a conference with Greene and members of the library board which paved the way for a general scheme as outlined above.

The official art lecturer to be appointed by the city will be a man of experience in the profession competent to conduct the three public courses by which it is hoped to benefit the entire east bay section.

The school children of the city will be afforded the opportunity to take up a course of study in the elements of art, while art students at such institutions as Mills College and the University of California will be welcomed to a course designed to assist them in their work. Those lectures intended to interest the "man in the street" will be very broad in their scope and will include such subjects as landscape, gardening, household decorations, lighting effects, etc.

SLIDES OF PAINTINGS.

"It is my idea," said Greene, "to secure first as a collection of photographs of European art treasures as possible. With lantern slides we can then establish the gallery at once on a valuable basis. In time we can, with prize exhibitions and donations, we will rapidly acquire a collection."

"At comparatively nominal cost an arrangement can be made with the American Federation of Art, which controls sixteen valuable collections, whereby we could exhibit one of these collections every month in the year.

With the art centers of the world

I feel satisfied that since we are now assured of an admirable place for a gallery the rest will come easily. The influence of such an institution in Oakland is bound to be tremendous."

HERM'S ORDINANCE.

The proposed bill reads as follows:

"Sec. 1. Any person, firm or corporation as owner, principal, agent, employee or otherwise, to hold, conduct, carry on or participate in, or cause or permit to be held, conducted, carried on or participated in, directly or indirectly,

any penny arcade, moving picture theater, vaudeville theater, dramatic theater or other similar entertainment, or any musical entertainment, or any combination of any two or more of such entertainments or exhibitions, or at all, in a public manner, in the city of Oakland, without first applying for and receiving in writing a permit to do so, shall be liable to a fine of \$500 or to imprisonment for a term not exceeding one year, or to both such fine and imprisonment."

TYLER CHRISTIAN BLOWS UP AND SOLONS GATHER

Silent One Is Easy Picking in Very First Round, Which Gives a Lead Oaks Can't Overcome

SACRAMENTO, Oct. 10.—Tyler Christian essayed to boost the Oaks in the percentage column yesterday at the expense of the Solons, but Tyler wasn't there and Deacon Van's crew took kindly to his shoots with the very first crack of the gong. They lunched nine hits in two innings for seven runs, and at least five of those nine hits were aided and abetted by the wind and would have never been clean safeties on a less tempestuous day.

While the Senators were thus conducting a series of aerial gaffalations with the offerings of Tyler Christian, Judge Munsell was feeding the Oaks a different variety of their visitors coming in from the outside high enough in the wind to gain any advantage. The line drives that some Oakland batters cut loose would have won any ordinary game, but the Solons were so short of men that the wind was actually helping and the wind was blowing in the upper deck and it was not an ordinary pull game.

WIN IN FIRST.

Four runs in the first inning put the Solons off to a good lead. With two down, and O'Rourke started the wind back with a long fly to deep center which Bert Delmas misjudged completely, allowing it to go for two bags. Swain drove one down the first base line, and then another two-bagger when Helling decided the ball with one hand but could not hold it. Orr drove a long fly close to the right field foul line. Coy, driving the right fielder out, and another two-bagger was chalked up. Heister put one in the same direction, a bit closer to Tiedemann, and the slaughter of the inning was over, four runs being run up.

MUNSELL GOES BACK.

After holding the Oaks in check for three hits, Munsell cracked a hit in the fourth, but a fast double play engineered by O'Rourke and Van Buren cut off possible damage after Abbott had driven with a single.

Then the Solons singled to left, but was forced at second by Cook.

Tiedemann drew a pass and Mitzel beat out a bunt down the third base line, hitting the bases. Before Munsell strolled in, he had walked Christian and forced Cook across the plate with the first Oakland run.

But the Senators came back strong in the last of the fifth with three more tall hits. O'Rourke doubled to right, the ball taking a bad bounce through Coy, Swain drove a high fly to short right for a single. Leard and Coy being afraid to interfere with each other, and allowed the ball to go through, then Leard beat out a bunt in front of the plate, hitting the bases. Orr singled to center, scoring O'Rourke and Swain. Heister's sacrifice fly to Coy scored Lewis, and the score was 10-4.

Helling's double to left, and Delmas' single to center gave the Oaks another run in the sixth. Coy's long home run over the right field fence contributed their next run.

OAKS MAKE A RALLY.

With four runs needed to tie the score in the ninth, the visitors could only squeeze over two, although they looked dangerous enough to keep the crowd from leaving the game.

Heister started with a single to center and went to third when Orr let Mitzel's grounder go through him. Pope, hitting for Christian, fanned. Leard

HAYWARD PLANS A
HEALTH CAMPAIGN

To Preserve Sanitary Standard; Close Campaign for Pure Milk.

ACCUSE ROAD OF
BREAKING FAITH

Railway Charged With Not Running Trains According to Agreement.

HAYWARD, Oct. 10.—The Hayward Board of Health is to conduct a municipal health and sanitation campaign and will circulate hundreds of circulars explaining to the layman the ways and means of taking advantage of preventive measures to increase the already excellent standard of public health maintained in this section. The circulars will contain a address delivered recently before the California League of Municipalities at Berkeley by a member of the local board.

The Hayward Chamber of Commerce is supporting the prophylactic measures adopted by the board, which has just closed a campaign for the sale of pure milk within the corporate limits. The board has recently been active in the matter of exposing the danger of the presence of filth in large numbers to the general health of the town.

PRISONERS TO DO
WORK ON STREETS

Sheriff Veale Offers Services of County to Martinez Women.

BUSINESS MEN
HAVE ORGANIZED

J. O. McKown Chosen President of Livermore Chamber of Commerce.

MARTINEZ, Oct. 10.—Sheriff R. V. Veale of Contra Costa county has offered the services of the prisoners incarcerated at the county jail to the Martinez Women's Improvement Club for street improvement work provided the club is unable to bear the expense of paying for a guard.

For a long time the Sheriff has been casting around for some plan whereby inmates of the jail could be employed in not only the building of roads and bridges, but in the plan of securing the cooperation of the improvement club. The club has not yet given its answer but a meeting will be called and the matter fully discussed.

TO FIGHT RACE
TRACK GAMBLING

RICHMOND, Oct. 10.—Word has been received that a big meeting will be held in Richmond during this month at which the old leaders of the fight against race-track gambling will make an appeal to the people to vote against the initiative motion that would legalize race-track gambling in this State by the state mutual system. Judge William H. Waste of Berkeley, Mrs. E. H. Hale and Earl H. Webb, one of the college students to be among the speakers, Kruzer is bitterly opposed to the amendment because the Emeryville race track is right at its doors.

A round Democratic rally, at which Theodore Bell is to speak, and another meeting to protest against the amendment allowing San Francisco to annex the cities on this side of the bay, are scheduled. The club erected the magnificent statue and fountain on the west side of the city and is engaged in the laudable work of public improvement. It has an ambition to erect a handsome clubhouse of its own and everybody is buying tickets to the show with a double purpose, to see the performance and help the fund.

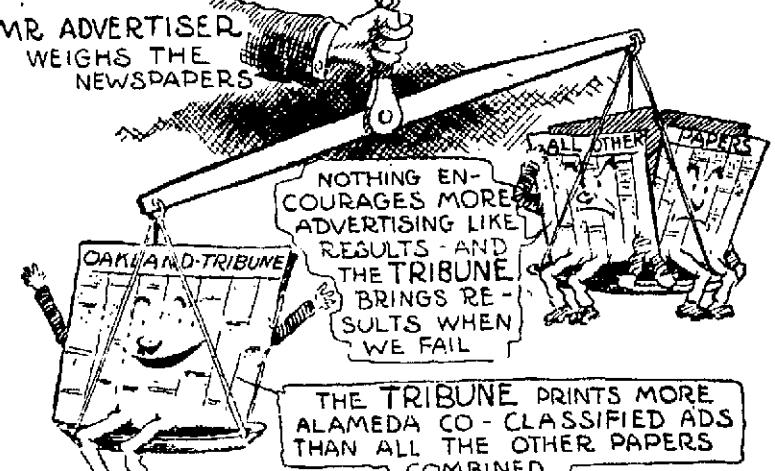

FRAZER RANCH IS SOLD.

MARTINEZ, Oct. 10.—The Frazer ranch of 160 acres near here was sold yesterday by William Frazer to Thomas de Lacey of Richmond. A piece of valuable Richmond real estate also figured in the deal. The price paid for the ranch was \$8,000, and extensive improvement will be made by De Lacey at once. The deal for the sale of the Wells ranch in Ygnacio valley to the Suburban Farms Company, of which former Congressman Duncan E. McKinlay is the president, was also closed yesterday. The 250-acre ranch will be subdivided into small holdings at once.

TO EXTEND WIRES.

RUST, Oct. 10.—The Western States Gas and Electric company started work today extending its lines from Richmond into this section and also branching out to cover Stege and the adjacent territory, as well as all the county line section.

More than fifty contractors for power and lighting have been signed up by that company with residents here and around Stege and it is the intention to cover the entire district with a network of lines in order that every section may secure a modern electric service.

Cold Coming? Go To Your Doctor
You may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says.

MURDOCK CLEARED OF ANY PERJURY GOOD TEMPLARS TO CONVENE TUESDAY

Woman's Case Against Oakland Attorney Dismissed in Police Court.

SAN FRANCISCO, Oct. 10.—The case against Alexander Murdoch, Oakland attorney, whose wife, Mrs. Minnie Van Lier, was dismissed yesterday by Justice Judge Powers.

Mrs. Van Lier had Murdoch arrested for altered false with he had taken before a notary public in which he testified that he was unmarried and was legally capable of contracting marriage. She asserted that at this time Murdoch had a wife living from whom he had not been divorced. The arrest of Murdoch grew directly out of litigation over realty in Lake County.

In the preliminary hearing yesterday there was no testimony introduced which showed that Murdoch had been married at the time Mrs. Van Lier says he swore he was a single man. For this reason the court dismissed the charge against him.

FIRE KILLS TEN HORSES.
MARTINEZ, Oct. 10.—A fire which broke out in Franklin canyon, near Martinez, yesterday morning, destroyed a large barn and killed 10 horses. The property is owned by George M. Fraser, who estimates his loss at about \$10,000, none of which is covered by insurance.

ANNOUNCEMENT

The Glorious Climate of California Cannot Do Everything.

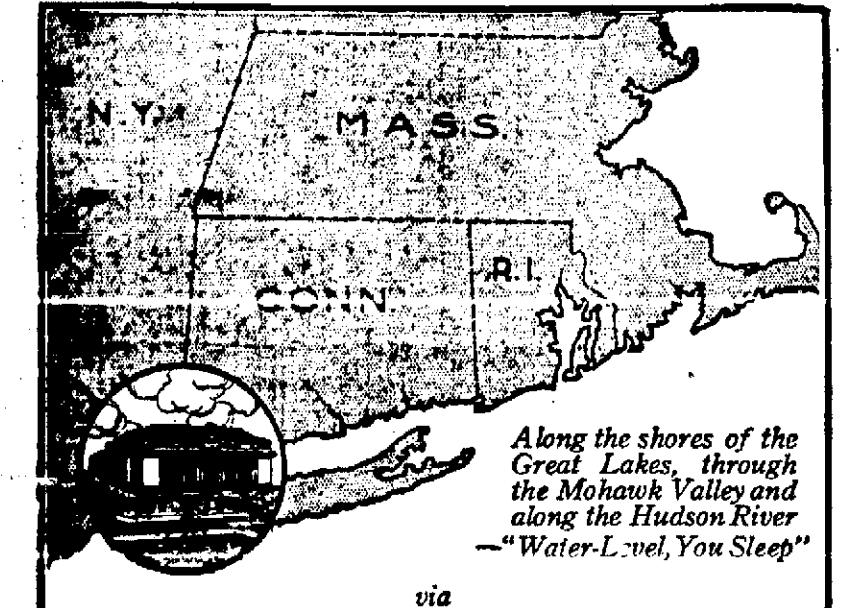

ECLIPSE OF SUN NOT VISIBLE IN CALIFORNIA

SAN JOSE, Oct. 10.—Lick Observatory did not send an expedition this year to South America to observe the total eclipse of the sun which will occur today, but instruments from there have been sent to Professor Perrine, formerly connected with Lick, and he will make observation with an expedition sent out by the National Observatory of Argentine Republic. The eclipse was not visible in California, according to Director E. E. Campbell of Lick, and weather conditions in Brazil promise of spoiling the work of the English expedition and the Argentine. This according to information that reached Mount Hamilton late yesterday afternoon.

It is expected that important stories concerning the sun corona, which is visible only when the sun is hidden behind the moon, will be procured if weather conditions are at all favorable, and the astronomers are hoping that bad weather will not cut off their opportunity to get data. The path of the eclipse passes through Ecuador and Brazil, and the expeditions have been sent to points near Rio Janeiro to take their observations, which may be of great value to the scientific world. A partial eclipse was probably seen in the far south of the United States.

HARVARD REGISTRATION SHOWS 77 INCREASE

CAMBRIDGE, Mass., Oct. 10.—Harvard University has a total registration of 4,194 students this year, an increase of 77 over last year. The college department has 2,302 students, a gain of 53. The only loss occurs in the law school, which has 61 fewer students than a year ago.

WHIST PARTY TO BE GIVEN FOR BENEFIT OF ORPHANAGE

MEMBERS OF THE SACRED HEART BOOTH, LEFT TO RIGHT—
MISS W. DONOVAN, MISS A. LACEY, MISS V. FORREST.

Photo by Shaw and Shaw.

Arrangements have been completed for the whist party to be given tonight at the residence of Miss J. J. McDonnell, 1319 East Twenty-sixth street, for the benefit of the Sacred Heart booth, which will be one of the features of the coming fair of St. Anthony's parish in East Oakland. The party tonight is but one of the many preliminaries to be developed to St. Anthony's appearance at the State fair.

The fair will be held in St. Anthony's hall, East Sixteenth street and Sixteenth avenue, Saturday evening, October 25.

Many valuable prizes have been donated for the whist party tonight and a splendid program will be given. Musical selections will be rendered while the play progresses, and the affair will be brought

to a close with refreshments. The following are in charge:

Reception Committee—Miss Winifred

Donovan, Miss Virginia Forrest, Miss Anna Lacey, Miss Josephine Donovan, Mrs. J. A. Marshall, Miss Evelyn Gordon, Mrs. J. H. Walters, Miss M. Cordon, J. J. McDonnell, Joseph P. Lacey and Freda Hobart.

Score Girls—Miss S. Millott, Miss G. Carter, Miss E. Carter, Miss G. Maloney, Miss E. Whelan, Miss A. Conroy and Miss E. Toole.

The officers of the Sacred Heart booth are:

President, Miss Josephine Nesbitt; vice-president, Mrs. Al Cordon; secretary, Miss May Lacey; treasurer, Mrs. J. J. Aquew.

COLORED CIVIC WORKERS MEET

Committee From Manufacturers Would Pay Respects to Railway Man.

Alameda County Center Holds Annual Session; President Not Named.

The Alameda County Colored Center of the California Civic League held its annual meeting yesterday at California hall on Clay street. The meeting was an enthusiastic one and largely attended by members.

This center has been active since its permanent organization eight months ago and under the efficient leadership of its founder and past president, Miss Myra Virginia Simmons, has made great strides towards the civic enlightenment of its members. The center has but recently been qualified as a county organization by the California Civic League, which affords it an opportunity for much work and the spreading of civic information.

The Women's Progressive and Non-partisan club of Oakland has consolidated with the center, increasing the membership of the latter very largely.

At the annual meeting of the center held yesterday the office of president was left vacant. The past president, Miss Myra Simmons, refused to accept nomination to the office and the center members are hoping to persuade her to reconsider her refusal by the next meeting.

The officers elected at yesterday's meeting were: Mrs. M. G. Stafford, first vice-president; Mrs. E. W. Powers, second vice-president; Mrs. H. E. Flighman, recording secretary; Mrs. G. Holmes, assistant secretary; Mrs. G. Withers, corresponding secretary; Miss Sadie Hackett, financial secretary; Mrs. Julia Shorey, treasurer. The executive board includes Mrs. F. C. Dehart, Mrs. E. E. Erskine, Mrs. H. Bridges, Mrs. Wm. P. Judge, Miss M. Simmons, Mrs. D. Lighfoot, Mrs. Elizabeth Brown.

VOICE IS FAILING GOVERNOR WILSON

Will Be Unable to Do More Than Greet Crowds at Some Places.

CHICAGO, Oct. 10.—Thred and hoarse, Governor Woodrow Wilson reached Chicago at 10 o'clock today. His voice is almost gone and the governor feared he would not be able to do more than greet the crowds at a few places where speeches had been scheduled.

It was also a source of regret to the governor that he had found his trip swollen into twice the size originally planned. Speeches were inserted by local committee and trains stopped sometimes without giving the governor any advanced information, so that he was compelled to appear. The governor said today this probably would be his last big trip of the campaign.

HOME ROBBED

SAN FRANCISCO, Oct. 10.—William Purvis of 131½ Laguna street, complained to the detective department today that his home had been broken into and valuables to the amount of \$150 stolen.

The Church of the Advent, East Oakland, will hold special Thanksgiving services on the occasion of its re-opening next Sunday. For several weeks services have been held in the chapel, while the large edifice has been renovated and newly-carpeted, the money for that purpose having been raised by the Woman's Guild. Its members are indefatigable in their exertions, and Mrs. W. S. Fale and Mrs. Belle Sellwood, president and secretary respectively, are largely responsible for the success of the undertaking.

A splendid musical program has been arranged by Choir Director B. Walker Bours for both morning and evening services, the soloists including the violinist, Miss Alice Davies; Mrs. W. A. Dvorsky, former soprano soloist of Trinity church, San Francisco; Alfred C. Mead, the well-known baritone, and H. Edwin Fossey, bass soloist of Grace Pro-Cathedral, San Francisco; Alfred Chaplin-Bayley, organist of the church, will play the postlude by R. L. Baumgartner, who has not been heard here before, one of his very latest.

The reverend, Reverend William W. Wheeler, came to the Church of the Advent from Modesto early in May last and has already made a record for himself as an earnest, direct, extempore speaker.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours.

Excellent, too, for croup, whooping cough, sore lungs, asthma, bronchitis and other throat troubles.

Mix one pint of granulated sugar with

½ pint of warm water, and stir for 2 minutes.

Put 2½ ounces of Pine (fifty cents worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly.

Take a spoonful every one or two of three hours.

This is just laxative enough to relieve a cough. Also stimulates the appetite, which is usually upset by a cough.
